7R TRACTORS

210-350 Engine Horsepower

MOVING FORVARD

Multi-functional, the 7 Series Tractors take a leap forward with precision ag offerings like the G5^{Plus} display, the StarFire™ 7500 integrated receiver, and more. The eight models of 7R Tractors range from 210 to 350 hp and are equipped with a refined cab plus integrated technology and high power density. The adjustable cab suspension allows you to control your ride quality by adjusting the firmness of your cab ride to achieve your desired comfort level. With a base weight of 24,700lbs., the 7R 350 delivers 350 rated engine horsepower and 385 max engine horsepower.

Fight fatigue on long days with Triple Link Suspension (TLS™), choose from three cab visibility packages, enjoy hands-free turns with AutoTrac™ Turn Automation, and experience enhanced steering ease with ActiveCommand Steering (ACS™) or Reactive Steering.

These are the large horsepower, maneuverable tractors that can accomplish any task in the field, barnyard, or on the road.

7R TRACTORS OVERVIEW

Large Cab

Select from three packages so your cab works the way you work. Features include an ergonomic seat, G5^{Plus} display and more.

Adjustable Cab Suspension

Enjoy a smoother, firmer ride with adjustable cab suspension. You control your in-cab experience and can adjust the cab suspension to improve ride quality and comfort level.

LED Lighting

Make the most of your time, no matter the time, when

Infinitely Variable Transmission (IVT)

Delivering excellence in performance and operation, you can smoothly shift up from 0 to 26 or 31 mph (40 or 50 km/h) and any speed in between, including creeper speeds as low as 164 ft (50m) per hour.

e23[™] PowerShift Transmission

Meet the demands of whatever conditions are thrown your way with three operating modes: Full AUTO, Custom, and Manual.

Integrated Intelligence:

■ G5^{Plus} display

The brighter, crisper displays and added processing power of the G5^{Plus} make applications you already use run even better. Like AutoTrac™ Turn Automation, which lets you execute end rows easily and have a stress-free day in the cab. AutoPath™ puts your secondary pass guidance lines where you want them, so you don't have to count rows or harvest a row of shame. With the new G5^{Plus} display, you'll get 35% more screen space to add additional maps and widgets, 3x faster processing for quicker boot times and clear 1080p HD resolution. It's all easier with the G5^{Plus}.*

■ Integrated StarFire™ 7500 Receiver

Get improved performance and dependability and reduce the time to achieve full signal accuracy with the integrated receiver.*

■ JDLink^{™**}

JDLink connection is free and lets you see where your machines are, what they're doing and how they're performing. Simply turn on JDLink service in your Operations Center account.

■ AutoTrac[™]

Enjoy hands-free turns and reduced overlap, all while maximizing inputs and reducing fatigue.

■ Documentation & Data Sync

You'll get better data to make your decisions with Documentation and Data Sync standard in 7R tractors.

■ Rear Implement Ethernet

Be prepared to enable high speed data flow between the tractor and implement, once implement ethernet becomes available on planters and other implements. This will allow you to see more of your implement data faster than ever before.

^{*}Compared to previous Gen4 display.

^{**}Activation required. JDLink hardware comes standard with the machine.
The customer can turn on the JDLink service in their Operations Center account for free.
JDLink requires a cellular connection to transfer information from machine to JDLink website. Consult your John Deere Dealer for coverage availability.

Ultimate Comfort and Convenience package shown.

OVVI THE DAY

When the hours are long and the terrain is tough, there's no better place to be than our cab. Your home away from home. Easily step through the wide doorway into our spacious cab. Enjoy more space than our previous cab, complete with extra headroom, extra storage capacity, and extra USB ports. Enjoy a cooler cab and better visibility to operator screens with rear window tint on the CommandView™ 4 cab glass. Choose from these options; amenities vary by package. Discover more details at JohnDeere.com/7R or JohnDeere.ca/7R.

SELECT

■ Cloth seat with manual controls and manual lumbar support; 8° left-hand and 40° right-hand swivel

- AM/FM/WX radio with auxiliary and Bluetooth inputs; 4 speakers
- Business-band ready
- 4 USB ports and 12V outlet
- Dual-tilt steering column
- Foot rests

PREMIUM

- Cloth seat with electronic controls and pneumatic lumbar support; 25° lefthand and 40° right-hand swivel
- 6.5-inch (16.5 cm) touchscreen radio, SiriusXM ready; 6 speakers with subwoofer
- Business-band ready
- 4 USB ports, 12V outlet
- Dual-tilt steering column
- Foot rests
- Refrigerator
- Right-hand accessory rail
- 120V outlet

ULTIMATE

- Leather seat with electronic controls, massage and pneumatic lumbar support; 25° left-hand and 40° right-hand swivel; heated and ventilated; adjustable bolsters
- 6.5-inch (16.5 cm) touchscreen radio, SiriusXM ready; 6 speakers with subwoofer
- Business-band ready
- 4 USB ports, 12V outlet
- Dual-tilt steering column
- Foot rests
- Refrigerator
- Right-hand accessory rail
- Carpeted floor mat
- Leather-wrapped steering wheel
- 120V outlet

OVVN THE NIGHT

Take charge of your night when the daytime hours aren't enough. Our three Visibility Packages are a bold leap forward, shedding new light on nighttime productivity. With the Ultimate Visibility Package, you'll experience two times more lighting than halogen bulbs thanks to the LED work lights. LEDs provide brighter, 360-degree illumination for those work days that turn into work nights. Amenities vary by package.

SELECT **PREMIUM ULTIMATE** ■ 16 Halogen work lights ■ 18 LED work lights ■ 22 LED work lights, 8 LED convenience lights ■ Mechanical exterior ■ Electronic, heated exterior mirrors mirrors ■ Electric, heated, power telescoping exterior mirrors ■ Front window sunshade ■ Front, right-hand, and rear ■ Front, right-hand, and rear window sunshades ■ Front and rear window window sunshades wipers ■ Front, right-hand, and rear window wipers ■ Front, right-hand, and rear ■ Camera ready window wipers ■ Camera ready ■ Integrated cameras

ENJOY THE VIEW

SEE MORE KNOW MORE DO MORE

G5Plus CommandCenter[™] Display

Bigger. Faster. Clearer.

The G5^{Plus} CommandCenter Display gives you a big picture of your 7R's performance and work in the field.

- 12.8-inch touchscreen 35% larger
- · 3x faster processor...for quicker boot times1
- · High resolution 1080p screen for clear views

The G5^{Plus} CommandCenter comes with permanent AutoTracTM and Section Control licenses. Or, for even more automation, choose the Optional G5 Advanced Package. More than a display, the G5^{Plus} is your path to the future of precision ag.

John Deere Operations Center[™]:

Unlock the full power of your farm data with Operations Center.

It's a free, online farm management system that empowers 24/7 access to your farm data through web, tablet, or mobile phone. With Operations Center, you can seamlessly connect data from your fields, machines, and operators. It puts at your fingertips all the information you need to maximize critical operations, from tillage, planting, and seeding to applying and harvesting.

- Plan work to reduce errors and gain efficiencies
- Monitor machine and job productivity in near real time
- Analyze this season's results to improve next season's crops

SHIFT INTO HIGH GEAR

The John Deere PowerTech™ PVS 6.8L engine found in the 7R 210 features a single variable geometry turbocharger (VGT) that provides the torque rise and engine responsiveness to meet varying load conditions. Overall benefits of the PowerTech PVS 6.8L engine include great fuel economy and peak torque with quick response under load.

Featured in the 7R 230, 7R 250 and 7R 270, the **John Deere PowerTech PSS 6.8L** engine utilizes twin series turbochargers, one fixed and one VGT, that help maintain engine performance and provide a controlled pressure boost for added fuel economy.

The higher horsepower 7R 290, 7R 310, 7R 330 and 7R 350 include the **John Deere PowerTech PVS 9.0L** engine. With a single variable geometry turbocharger, this engine maximizes uptime while setting a new standard for the productivity, efficiency and performance you need.

Power of choice in transmissions. Choose from e23™ PowerShift with Efficiency Manager™ with 23 forward gears evenly spaced 15% apart to fit your different operating conditions and implements. Or the Infinitely Variable Transmission (IVT™) that lets you move smoothly from 0 to 26 or 31 mph (40 or 50 km/h) — and any speed in between, including creeper speeds as low as 164 feet per hour with a single lever. You'll get a more comfortable ride when pulling a Large Square Baler with LSB Ride Control on 7Rs with IVT. This integrated technology learns to anticipate plunger stroke of the baler to improve response and reduces active vibrations.

CommandPRO** (IVT only) delivers seamless control of your tractor and implements all in the palm of your hand. Move from parked to top speeds with a simple push of a button. Eleven customizable buttons let you match functions to the job, with options to configure various set speeds to keep you in command.

AGILITY AND POWER: THE PERFECT COMBINATION

Hauling implements for transport is another big advantage of the 7R tractor lineup. With high horsepower, light weight and a compact chassis, the nimble 7R tractor delivers the pulling power you need and the drivability to move quickly and easily. Get an additional boost of up to 30 hp in transport or non-stationary PTO applications with Intelligent Power Management (IPM). The 7R 350 can tow implements up to 78 tons (70.76 metric tons)

ActiveCommand Steering 2 (ACS™ 2)

Optional ACS2 allows you to customize steering performance in the field or on the road, including steering sensitivity and resistance. You can also toggle variable ratio steering from the CommandCenter™ Display.

Reactive Steering
Have more confidence when transporting an implement on the road thanks to the optional Reactive Steering. Reactive Steering features a steering wheel with force to return to center like an on-road vehicle, when activated.

THE POWER-DRIVEN SUPPORT YOU NEED

CONNECTED TO WHAT **COUNTS**

We know peace of mind is important to you. That's why we provide comprehensive protection and warranty packages – along with superior customer support – to keep your new 7R tractor operating at its best. From PowerGard™ and John Deere Protect™ to John Deere Connected Support, we have just what you need to keep running all year long.

POWERGARD

The PowerGard Protection Plan¹ offers valuable extended warranty coverage to protect your new 7R tractor from the unexpected and to ensure it's ready when you need it. PowerGard is available when purchased during the initial 12-month basic warranty² and provides two options:

- **Comprehensive** (for main components of the full machine)
- **Limited** (for main components of the engine and powertrain)

Other benefits of a PowerGard Protection Plan include:

- Select from a variety of flexible term lengths, in total months and total hours.
- No pre-approval of claims necessary. Call or visit any authorized John Deere dealership for service.
- Expert dealer technicians will fix it right, with exactly the right John Deere parts to fit your machine.
- Any remaining PowerGard coverage is fully transferable to a new owner, with no transfer fee.

Learn more at JohnDeere.com/PowerGard or JohnDeere.ca/PowerGard.

JOHN DEERE PROTECT

The John Deere Protect Maintenance Plus Plan is designed to help you maintain original performance and uptime of your new John Deere 7R tractor, with two coverage options to choose from:

- For the first 36 months/1,500 or 3,000 engine hours (with no deductible and no additional charges).
- For the first 60 months/3,000 or 5,000 engine hours (with no deductible³ and no additional charges).

The John Deere Protect Maintenance Plus Plan4 includes:

- Annual Expert Inspections
- Scheduled Maintenance Events
- You can buy the plan when purchased in conjunction with a PowerGard Comprehensive Protection Plan⁵.

Learn more at JohnDeere.com or JohnDeere.ca.

¹ The PowerGard Protection Plan does not cover attachments, maintenance or wear parts, nor other non-covered components specifically mentioned in the contract terms. Other terms, conditions, exclusions and warranty limitations apply.

² All new John Deere 8R Series tractors come with a standard basic warranty of 12 months. Terms, conditions, exclusions and warranty limitations apply. See your John Deere Dealer for details.

³ PowerGard deductible applies to any failures under PowerGard coverage.

⁴ For complete plan details, contact a participating dealer near you.

⁵ PowerGard Comprehensive Protection Plan with a minimum term of 36 months/1,500 or 3,000 engine hours and 60 months/3,000 or 5,000 hours must be purchased separately to be eligible for John Deere Protect extended service plans. Additional details are included in the selling descriptions of each included plan. Other terms, conditions, exclusions and warranty limitations apply.

⁶ Activation required. JDLink hardware comes standard with the machine. You can turn on JDLink connected service in your Operations Center account for free. JDLink requires a cellular connection to transfer information from machine to a JDLink website. Consult your John Deere Dealer for coverage availability.

FIND WHAT YOU NEED AT THE PARTS COUNTER

Your John Deere dealer makes sure to put the right people behind the parts counter. People who know the ins and outs of your new 7R tractor and have a clear understanding of your unique needs. Knowledgeable and trained, they can guide you to the right part, attachment or service (if needed) to fit your budget. Stop by the one parts counter today.

THE JOHN DEERE DIFFERENCE

- Right Part for Any Budget
- Highly Trained Expert Technicians
- 12 Months Parts & Labor Warranty*
- Short & Long Term Financing Options**
- * 12 month/unlimited hour warranty on new OEM agricultural parts installed by an authorized John Deere Dealer. 6 month/unlimited hour warranty for all new John Deere agricultural and turf equipment parts installed by non-John Deere Dealers. See John Deere Service Parts Warranty US & Canada and participating dealers for more details.
- ** Financing on approved John Deere Financial credit only. Contact your Multi-Use Account merchant or dealer for complete details.

Power Adapter/Power Strip

Install a convenient power source to the interior of your 7R tractor cab. Connect displays, monitors and other electronic devices into a 3-pin octagonal power adapter or a retrofit 6-outlet octagonal power strip.

RE596959: 3-Pin Octagonal

Power Adapter

RE596958 & BRE10575: 6-Outlet Octagonal Power Strip & Mounting Rail

Category 4 Air Filtration

As our most advanced filtration system, Category 4 is engineered to reduce exposure and provide greater protection against harmful substances (particulates, aerosols and vapors) while operating your 7R.

BRE10588: Cat 4 Upgrade Field Kit

LSB Ride Control

Equip your 7R with Large Square Baler Ride Control, an integrated software system that slightly varies speed to mitigate tractor vibrations when paired with an LSB.

TR116947: LSB Ride Control Kit

Laforge® EZ Ballast® System

Tucked underneath the belly of the tractor, EZ Ballast provides 3,748 lbs. (1700 kg) of ballast that is easily loaded and unloaded right from the 7R operator seat. Contact your dealer for details.

Mid-Stack Power Beyond

Add power beyond functionality to the mid-stack hydraulic valve to assist with hooking up large equipment to your 7R tractor – a valuable resource when multiple connections are required.

BXX10967: Mid-Stack Power Beyond

PTG Central Tire Inflation System

Due to our partnership with PTG, you can now have the benefit of monitoring and controlling tire pressure right from the comfort of your cab. Not compatible with 7R tractors equipped with a loader. This would be required to install a PTG Central tire inflation system. Contact your dealer for details.

BXX10967: Mid-Stack Power Beyond
